
Qualitative Research Methods

Academic course

Level of course unit: Master

ECTS: 5

Language of Instruction: English

Course Dates: tbd

Course will take place on site at the MCI in Innsbruck

Learning Outcomes:

By the end of this course students will

- Know scientific standards with regard to good academic practice
- Have some insights on research ethics
- Have activated and improved their knowledge of scientific reasoning and arguing
- Feel confident of formulating a qualitative research problem and know the appropriate methodological approaches to answer it
- Be able to generate, analyze and interpret qualitative data.
- Feel confident with academic writing and with compiling and presenting qualitative research results

Course Contents:

The focus is on the qualitative research process and the steps included for a successful proceeding. The orientation is on how to establish and follow a research question, how to operationalize it and how to choose the correct methods for analyzing and interpreting collected data and how to translate this data into results.
